Here is the interview with MacKenzie. Didn't turn out to bad. She caught me right when we returned from a site walk and got caught in the rain. Not sure how she found me so fast?

Attached is the final news release (from Rich's Vocus announcement) and updated ComStrat for the CFAC final listing.

We received several media calls right out of the gate. Joe Vranka, Mike Cirian, and I fielded the calls. Most of the inquiries involved the process, what the next steps are moving forward, and the implications of listing.
